

Western Chapter of the NC Credit Union League

Playhouse Raffle

to Benefit **EBLEN CHARITIES "Food for Thought"**

Ticket Price: 1 for \$3, 2 for \$5, or 5 for \$10 • DRAWING TO BE HELD OCTOBER 19, 2010

The Playhouse is designed to inspire the imagination of a child to play a teacher or teller, or to play house in a cottage or a wilderness lodge, but...

Imagine

a child in this situation . . .

Recently, a local second grade teacher called Eblen Charities with this situation. A boy in her class was playing a "game", with the other students. The end result of the "game" made him the winner of their snacks.

After a few days of playing the "game" the students complained to the teacher that they did not want to play anymore. When the teacher asked why, the students said they were tired of losing their snacks.

The teacher met with the boy to discuss the "game" and asked where all the snacks were . . . the student took the teacher over to his "cubby" and it was FULL of the other student's snacks. When asked why he was hoarding all the other kids snacks . . .

He said, "I'm saving them up for the weekend, so I can feed my brother and sisters" . . . It is hard to imagine a child in this situation, but this was a real situation within our community.

Imagine

how proceeds from this raffle can help . . .

Each year the "Food for Thought" distributes tens of thousands of snacks to area schools, after school programs and weekend back pack programs as well as breakfast and lunch for any child who cannot afford to purchase the meals on their own
